## THE GAME BALL!

One cowhide can produce about:

**15-20**  
Footballs

**144**  
Baseballs

**18**  
Soccerballs

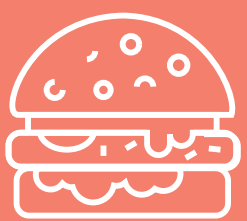

**18**  
Volleyballs

**12**  
Basketballs

## FOOD FOR THE FANS

### Hamburgers

Football fans will eat more than 14 billion hamburgers nationwide during the Big Game.

### Hotdogs

Research shows about 19 million hotdogs are sold during a Major League Baseball game.

### Soda / Gum

Syrup from corn is what makes soda and gum sweet.

### Popcorn / Nachos

Corn chips are made from white and specialty corn, and cheese is made with milk produced by dairy cows.

### Peanuts

About 5.4 million bags of in-shell peanuts are sold each season in Major League Baseball ballparks.

## AG AT PLAY

### CLOTHING

Socks, shoelaces, shirts, and pants all are made from cotton.

### VITAMINS

Cattle and pig gelatin is used to coat vitamin capsules.

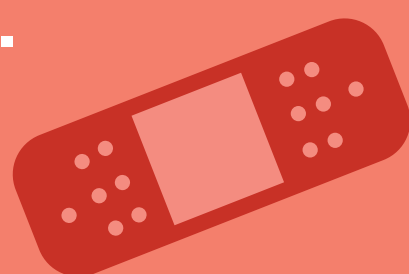

### TICKETS/PROGRAMS

Printed on paper from trees.

### TAPE/BANDAGES

Corn dextrin and cattle gelatin are used as adhesives.

## THE FIELD

**Turfgrass: the grass on which the game is played**

Sports games such as soccer, baseball, football, golf and softball are often played on turfgrass.

## THE COURT

The hard wood derived from lumber is used for volleyball and basketball courts.
