Topics for 2020 Discussion Meet

1. International trade is important to agriculture. We must continue working to build strong relations with existing customers while seeking out new trade partners to strengthen market stability. How can we enhance existing, and establish new and diverse foreign trading partners?

2. Connectivity underpins the modern economy. What mix of investment and policy initiatives can provide reliable broadband access to farmers, ranchers and rural America?

3. The increasing frequency and intensity of natural disasters creates additional risk for farmers and ranchers. What tools and production practices can be engaged to reduce climate and weather risks?

4. The decline in rural populations is accelerated by a poor farm economy. What solutions would enhance the vibrancy and economic sustainability of agriculture and rural communities?

5. Is big data a big solution or big exposure? Technology tools are often cited as a method of increasing productivity and profitability, but there are liabilities that go along with technology. As young farmers and ranchers we are often first adopters. How do we ensure clear understanding of the risks and rewards of big data and smart farming?

These questions will be used for the YF&R Discussion Meet held during AFBF Annual Convention in San Diego, California and the Collegiate Discussion Meet held during the FUSION Conference in Portland, Oregon.

Best Practices

1. **TRAINING CALLS.** All competitors are encouraged to join the training calls hosted by the AFBF YF&R committee in the fall. Specific dates and times will be announced in late summer. There will be a total of six calls, and each will last one hour. The first call will cover the Discussion Meet format and tips for success and the other five calls will focus on each question. Often times, the calls include industry experts, who share their expertise and provide additional resources.

2. **UTILIZE GOVERNMENT RESEARCH.** Search government agency websites and databases for strong statistics and data to use in your discussions. This information can be reliable and is well-researched.

3. **LEARN FROM THE BEST.** Reach out to former Discussion Meet and Collegiate Discussion Meet participants. Even though the discussion questions change each year, former competitors can provide valuable insight and tips on the nature of the contest. Also, reach out to YF&R staff and committee members that have familiarity on the competition to get clarification.

4. **PROS AND CONS.** Review each question and create discussion points from both sides of the issue. This will not only give you a greater understanding of how an issue developed, but it will prepare you to discuss potential obstacles when working to find a solution.

5. **DIVERSIFY WRITTEN SOURCES.** Besides the internet, gather resources and information from the library, newspapers, magazines, Farm Bureau policies and other agriculture publications.

6. **REAL TALK.** Engage in conversations with your local county Farm Bureau members, state and national representatives, lobbyists and agriculture industry employees to gather information and examples. Seek conversations with those who are not familiar with the issue to gain their perspective. Explaining the topic helps provide practice articulating what you know. As you speak, address all angles to gather additional points and as many ideas as possible.

7. **FARM BUREAU HISTORY.** Take time to review county, state and American Farm Bureau history on the topic. What are our standing policies with the questions?

8. **EXPERT OPINION.** If you don’t have a personal relationship with the content of the question, find a credible source that does and get their opinion. Be prepared to cite and properly establish your source as an expert in their field.

Competition Objectives

As a leadership training and self-improvement activity, the Discussion Meet experience will:

- Develop leaders for effective problem solving through group discussion.

Background Information

The Discussion Meet is a competition promoted by the American Farm Bureau Federation (AFBF) Young Farmers & Ranchers (YF&R) Committee.

Farm Bureau's strength depends on its members' ability to analyze agricultural issues and decide on solutions that best meet their needs. The competition is designed to simulate a committee meeting where discussion and active participation are expected from each committee member.

Applicants build basic discussion skills, develop a keen understanding of important agricultural issues and explore how groups can pool knowledge to reach consensus and solve problems.

A successful applicant is a productive thinker rather than an emotional persuader. He/she will assist the group in creating ways to implement the solutions discussed and highlight Farm Bureau's involvement in those actions/steps.

The applicants will discuss pre-selected topics using four bases for the general discussion:

- Cooperation
- Constructive Criticism
- Problem Solving
- Communication

It is recommended that state Farm Bureaus provide, as part of the state recognition award, an expenses-paid trip to the AFBF Annual Convention held in 2020 in Austin, Texas. Appropriate recognition will be given to all the national competitors in attendance at the AFBF Annual Convention.

The AFBF YF&R Committee and the AFBF Leadership, Education and Engagement Department will coordinate the program at the national level.
Eligibility

- Applicant shall be a Farm Bureau member between the ages of 18 and 35 in good standing with his/her county Farm Bureau. The individual shall have reached his/her 18th birthday at the time he/she qualifies for the national competition and shall not have reached his/her 36th birthday by Jan. 31, 2021.

- Applicant must be actively engaged in agriculture.

- Applicant may only compete in one national YF&R competition per year.

- Past and present members of the AFBF Young Farmers & Ranchers Committee and/or their spouse are not eligible to compete.

- Previous AFBF Discussion Meet competitors are not eligible to compete. Past state YF&R Discussion Meet winners are eligible if they have not previously competed at the national level.

- Current employees or agents of county, state and/or the American Farm Bureau organizations and their affiliates are not eligible to compete. An affiliate is defined as an entity owned or controlled in whole or in part by another entity through, for example, ownership (including partial ownership) or positions on the board of directors.

- Professional speakers are not eligible to compete. Professional speakers are those who have received a fee, royalty or honorarium for speaking (i.e., paid speaking appearances or speaking engagements) within 24 months prior to this annual competition. This excludes reimbursement for travel or expenses attendant to the appearance.

- Each state may submit one entry to be considered for national recognition and must use the AFBF entry form and application.
Helpful Hints for Competitors

- Study as much material as possible relating to the overall topic. Sources: Internet; library; newspapers; magazines; Farm Bureau policies; county, state and American Farm Bureau publications; and conversations with experts or knowledgeable people.

- Remember this is a discussion, not a debate.

- Be prepared to ask questions, state facts and opinions, and urge others to be specific.

- Be aware of the audience, but generally address the panel. Speak loudly enough to be heard by the whole audience.

- Participate whenever your contribution will further the discussion. Do not monopolize the discussion.

- The discussion should not be “conversation” or aimless talk, nor should you take the role of a persuasive speaker. Try to cooperatively shed light on the problem and tentatively retain a flexible position.

- This is not a panel symposium wherein each participant, in turn, makes a presentation, with the moderator ending the session with a summary. Rather, it is an exercise in cooperative problem solving, with the questions, answers and statements coming from any person at any time. The moderator plays an inactive role during the discussion.

- Make notes of key points as the discussion proceeds for use in your summary statement.

- Use the one minute of quiet time to organize your closing statement.

- Stand and make your closing statement to the audience. Use accepted speech techniques and stay within the time limit.
### Competition Format

1. All competition facilitators and competitors will meet in the pre-assigned competition room 15 minutes prior to the start of the competition to receive last-minute comments by the room chair. At this time competitors will also draw for order for placement of their name tent/chair. Competitors not present at the time of the drawing will select from the remaining positions. The competition facilitators are AFBF-designated room chairs and moderators.

2. Competitors may not take prepared notes in any form with them to the competition table. After all competitors have been introduced, notes may be written on the paper provided. If a note is brought to the table and is noticed by the competition facilitator, there will be a disqualification called at the end of the round by the Discussion Meet chair, the AFBF YF&R Committee chair and/or the AFBF coordinator.

3. Discussion Meet questions will not be provided at the competition table during national level rounds of competition.

4. The room chair will call the meeting to order, announce the topic to be discussed and introduce the timekeeper and moderator. Any competitor not present at this time will be disqualified.

5. The moderator will introduce the competitors and re-announce the topic to be discussed. He/she will give each of the competitors, in voluntary order, the opportunity to make a 30-second opening statement directed to the audience.

6. The timekeeper will flash a red time card indicating when 30 seconds have elapsed and announce “time”. Judges may subtract points at their discretion for competitors who abuse the time limit.

7. The moderator will then indicate the opportunity for open discussion, which will continue for a total of 25 minutes during the opening rounds and Sweet Sixteen round and 30 minutes during the Final Four round. The discussion should be directed to the fellow competitors.

8. The timekeeper will indicate to the moderator when five minutes of open discussion time remains. If the discussion is lagging, the moderator may close the discussion at this time.

9. The timekeeper will indicate to the moderator when 25 minutes in the opening rounds and Sweet Sixteen rounds and 30 minutes in the Final Four round have elapsed with a red time card. The moderator will call for open discussion to stop for one minute of quiet time, allowing the competitors to compose a closing statement.

10. The moderator will give each of the competitors, in voluntary order, the opportunity to make a one-minute closing statement directed to the audience. The timekeeper will flash a red time card and announce “time” when the one-minute have elapsed.

11. The moderator will recognize the judges and request them to leave the room with the room chair to finalize the tabulation of their score sheets. Judges are not to confer with each other until the room chair has collected their tabulated score sheets.

12. The next round topic to be discussed will be announced (with the exception of the Final Four question). The Final Four question will be announced at the official Final Four Announcement.

13. The moderator will thank the panel and ask the audience to recognize their efforts. He/she will then ask the competitors to share their personal agricultural background with the audience.

   - Sign your Judges Sheet.
   - Provide feedback to each competitor.

j) Judges should not:
   - Sit near a fellow judge.
   - Judge by applause.
   - Confer with each other until all scores are tabulated.
Scoring

The room chair will supervise the final tabulation by the judges. Judges will use the point system indicated on the Judges Sheet to assist in selecting the winners. Each judge will be instructed to total his/her Judges Sheet and rank the competitors. Each judge is to break ties that occur on his/her own score sheet. The room chair will assist the judges in determining the final ranking of each round and the final competition.

- The winner will be determined by judges’ ranking, and ties will be resolved before the judges are dismissed.
  - Ties will be broken at the end of each round by an automatic procedure using Problem Solving and Implementation as the first tiebreaker, followed by Analysis of Topic and Cooperative Attitude. (see Appendix A)
  - In the event of an unresolvable tie between all three categories, total points from the judge’s sheets will be used to resolve the tie. The room chair will assist with this process.
- When possible, the above procedure should be conducted in a private room, with only the judges, room chair and Discussion Meet chair present.

The ranking system that was debuted at the 2016 YF&R Leadership Conference and used in both the Discussion Meet and Collegiate Discussion Meet in 2017 will again be used this year. The committee feels the system allows for quality discussions and for the best participants to advance on to the Sweet 16 and Final Four rounds.

Opening Rounds
The contestants will compete in round one as they have in the past. Prior to the competition, competitors will be randomly placed in rooms using a software program. After round one, competitors’ scores will be tallied, and they will be given new room assignments according to their rank. For round two, each room will have a 1st, 2nd, 3rd, 4th, 5th and 6th ranked competitor (this number will vary based on available rooms and participation numbers). Contestants will compete in the second round, and their scores will be tallied again.

Sweet Sixteen
The top 16 competitors will compete in the Sweet 16 round and will be placed into room assignments in the same manner as round two. The winning contestant in each of the four Sweet 16 rooms will advance to the Final Four where the final topic will be discussed.
