HOSPITAL NEGOTIATION

The hospital negotiation service provided by International Med-Care (IMC) provides members with experienced case managers who work with physicians and area hospitals to obtain the best possible price for hospital procedures.

Hospital savings are negotiated on a case-by-case basis prior to services being rendered. A case manager will be assigned to the member and additional information will be supplied as the case is prepared and negotiated. Once a case manager has negotiated a reduced fee with the hospital you selected, an information packet will be provided to the member. Each hospitalization is negotiated on a case-by-case basis, and savings will vary.
