

TEXAS FARM BUREAU®

DAIRY GOAT

ACTIVITY BOOK

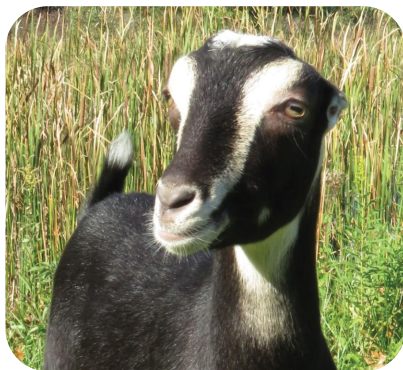

This book belongs to:

ALL ABOUT DAIRY GOATS

Goats have been used for their milk, meat, and hair for thousands of years. A dairy goat is a type of goat that is raised primarily for milk production.

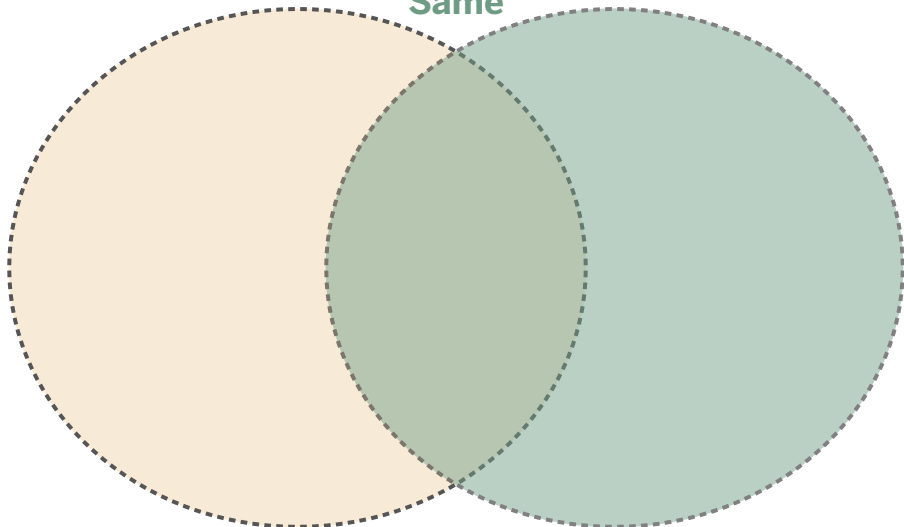

Nubian Goat

LaMancha Goat

Same

Compare and contrast the Nubian and LaMancha goats.

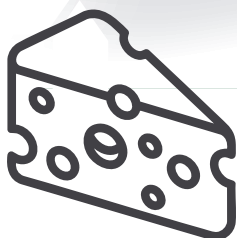

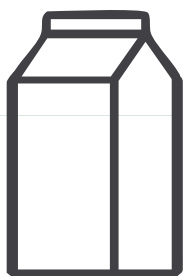

**DID YOU
KNOW ?**

There are **9 breeds** of dairy goats!
Nubian and LaMancha are two of
the most common breeds.

Delicious DAIRY

COLOR ME!

Goat milk is used for drinking, cooking, baking, and in body care products.

What is your favorite way to use dairy products?

For dairy goats to provide the most nutritious milk, they need to eat a healthy diet.

Dairy goats are herbivores, which means they only eat plants!

Circle the foods a dairy goat would eat.
